## The Reflector.

THURSDAY, AUGUST 11, 1892.

-Born, to Mr. and Mrs. G. G. Huffman this morning, a 12 pound boy. -A republican club was formed at Carlton last night. Keep the ball rolling and let the good work go on.

Observation is a good teacher but she is not thorough. The man who has learned to lift his hat very often eats

-H. D. Focht has purchased the meat market of Hilton Bros. W. D. Scholl will continue to run it which is a sufficient guarantee that only first class meats will be handled.

-We should think it would grate somewhat on the nerves of a life long American to vote for a man who had to have his political disabilities removed by an act of the legislature.

-- We notice by the papers [that outsiders are taking a hand in the Lutheran church matters at l'eabody. The same thing occurred here under like circumstances. If a man wants to dictate to a church, let him get inside of it before he begins.

### In Memory of Shelley.

Mr. T. E. Dewey entertained eleven gentlemen friends at his home last evening. The occasion being the cen-Shelley, one of the great poets. A careful study of his "Adonais," a poem which eulogizes his friend, the poet Keats: a discussion of his work as poet and reformer and also of his personal characteristics, filled to completion an evening which will long be remembered by those who were present. A delicate luncheon was served which added zest appropriate souvenirs will be cherished in remembrance of the poet and host.

### Getting Ready.

County Attorney Cranston is bound to get even with the peoples party for turning him down. His latest move is a good one even if it just a little strategus. Cranston knows that a beerless populist barbeque is a dissy failure and dizzy failures in that line

This morning he had the sheriff remove from every alleged joint in the city everything that smelled like hops and the result is that that officer has in charge a motley collection of ice boxes, corkscrews and schooners. As soon as they become dry enough we look for a good sized bonlire. He who buys beer to good sized bonlire. He who buys beer to over his road. He offers to bill out to will send you Dr. Kauffmann's cup, drawn from a keg perched upon a anything wearing dresses at sixteen great medical work; 100 pages, colored great medical work; 100 pages good sized bonfire. He who buys beer cake of Mud creek crystal ice.

## Another Nuisance.

Now that we have got rid of the authorities to look up the traction engine law before some person's team runs away and injures or kills somebody? The law says that no such engine shall be operated through a village or city without having a team attached thereto, yet we stand on the sidewalk here every day and see them go by alone. There is no excuse for permitting such violations of law.

this matter. They are a great nuisance | their future home. in the country. According to law the operator should turn the engine to one side, shut off steam and wait until school house last Sunday. Quite a tute for show Liminest, there is reteams pass but he does not do it. If a number of Sunday school workers were other like it. Sold by C. E. Northwould be well.

## Upright Wilkes Sold,

O. P. Updegraft owner of the River side stock farm near this city, has sold to Dr. S. L. Brooking, a banker of Sunday Wellsville, Kas., the handsome young sire, Upright Wilkes, three years old, record 2:251, by Honor, the premier stallion at Riverside. Honor is siring early and showing extreme speed. He is a son of the famous Red Wilkes. Upright's dam is Miss Hayden by Mambrigo Foster, a son of Mambrino Patchen. His second dam is by Ash land Chief, a producing son of Mam brino Chief. His third dam is by a son of Black Hawk; fourth dam, thoroughbred.

The price obtained for this promising young horse was \$5,000 cash and four highly bred horses, valued at \$1,000, which is the most money ever paid for a horse in Kansas.—[Kansas Democrat.

## A Sensible Woman

She's putting the washboard where it'll do some good. She has suffered with it long enough; broken her back over it, rubbed the clothes to pieces on it, wasted half her time with it. But now she knows better. Now she's using Pearline-and when a woman uses Pearline. the only way to use the washboard is in the kitchen fire.

There's no more hard work, no more ruinous rubbing, but there's washing that's easy and economical and safe.

Millions of women are just as sensible as this one. Are you? Send Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if it Back your grocer sends you something in place of Pearline, do the honest thing—send it back. JAMES PYLE, New York.
